

Directions to Softball Fields in Lowell...

For most people traveling to Lowell from East, West or South, the best way to town is from I-96. From I-96, take exit #52 north toward Lowell, you'll be on the southern section of Alden Nash. You will cross Cascade Rd. and continue north into town. Across the RR tracks and River, the road you're traveling becomes Hudson St. For all fields other than Rec Park, continue North and you arrive at the intersection of M-21 [aka Fulton and Main St]. Proceed straight on Hudson about a half mile. Take a left on Foreman.

From the North, you'll most likely be coming in on Lincoln Lake Road. A couple blocks into the residential area, take a right on Foreman.

Reference the map on page 2.

[X] Creekside Park....

-several baseball and softball fields-

Access from Gee drive, just south of Foreman Rd.

The first field on your right is Creekside West

All the way at the end of the drive are the other Creekside ballfields

[Y] Cherry Creek....

-aka Lowell Varsity Softball Field-

From Foreman, take the drive at the far east end of the Cherry Creek Elementary property all the way north until it turns you to the left. You are now looking at the Lowell bus garage. Approach that, but take a right onto the dirt road that runs along the North side of the bus area. You will end up in the Softball parking area. If that is full, backtrack into the baseball parking area at the east side of the bus garage. There is a path to walk along the south side of the buses.

[Z] High School....

The High School can be accessed either from Vergennes on the North, or Alden Nash on the East. That main road will take you to the softball field, which is directly across from a parking area on the East side of the School.

[R] Rec Park....

If you are coming into town from the South on Alden Nash, take a right on Ottawa before you get to Main St. Take a right on Broadway then a quick left into the field entrance.

From the other fields, you will be heading south on Hudson toward Main St. Either cross Main and take a left on Ottawa, or left onto Main then Right on Broadway.

Note that there are 2 stretches of Alden Nash Road in Lowell:

- The northern stretch runs from M-21 [Fulton St / Main St.] north to Vergennes. That is where the High School is located.
- The southern portion of Alden Nash is the road that crosses I-96 [exit #52] and becomes Hudson St as you travel north into town.
